

Judge Barney Fudge is doing a great job for the people of Wichita County.

"I'm not a politician. I'm a public servant with conservative values. When I was appointed by the Governor, I was honored to be given the opportunity to serve the people of Wichita County. You have my word that I will continue to work hard, listen, and make fair decisions based on law that assures equal justice for all."

He was appointed by the Governor of Texas because he was the best man for the job.

Four people applied for the appointment, including District Attorney, Barry Macha. Governor Perry chose Barney Fudge.

He has 40 years of civil law experience and has earned the respect of his peers.

He works hard, and with the other two District Judges, keeps cases flowing efficiently and smoothly.

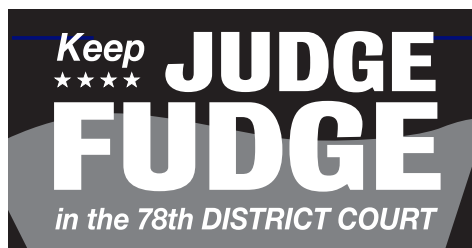

Judge Fudge is not a politician. He has no hidden agendas.

He listens, and makes fair and honest decisions based on law, not social or other pressures.

He is endorsed by the Wichita Falls Police Officers Association, Iowa Park Police Association, Burkburnett Police Association and the Electra Chief of Police. When our law enforcement doesn't endorse the District Attorney, that says it all.

It just makes sense.

Why replace a judge who is doing a great job?

The truth is: If Barry Macha becomes a judge, it will open the door to case-by-case legal delays.

- He will be subject to **Disqualification in ALL Child Protective Services and Juvenile civil cases.**

Source: Texas Rules of Civil Procedure 18B (1)(a)

- Conflict of interest issues could result in **Motions of Recusal** (request to step down) **in criminal cases indicted during his years in office.**

Source: Texas Code of Criminal Procedure, Article 30.01

Delays reduce efficiency and cost money. Our county and state budgets—**funded by tax payer dollars**—are already strained enough.
